## **Introduction**

The Placement Cell (PC) was established in this Institute in September, 2016 with a vision to impart employability and entrepreneur skills to the undergraduate B.Sc. (Hons.) Agri. students that would enable them to set a best career goal. PC has set a target to achieve our Visionary Founder Arutselvar N. Mahalingam vision on imparting agriculture to rural aspirants and providing entrepreneurial skills to the graduates. To meet the vision, the PC sets following broad objectives:

- i. Focusing on development of the students to meet the Firms and Organisation recruitment process.
- ii. To encourage the students to develop technical knowledge and soft skills.
- iii. To motivate the students aspiring to choose higher studies, competitive exams, mentoring and guiding them to excel in it.
- iv. To provide agro-based entrepreneurship skill development programmes periodically.
- v. Cent per cent placement to aspired students.

During the establishment period of the PC, the PC Officers reviewed several studies and visited to different institutes like Tamil Nadu Agricultural University, KCT, Coimbatore and IITs for strengthening KIA PC. PC Officers also discussed with several Agro-Firms to explore their expectations from the agriculture students during recruitments. Based on Firms expectation and market demand, PC has given special focus on improving competency skills through organising several skill development programmes during the academic period without affecting regular academic classes. After a detailed preliminary and peer-reviewed discussion with different experts of PC officers, PC of KIA introduced the couple of activities is as follows:

1. Guest lecture or Webinars
2. Nobel vision
3. Study circle
4. Coaching classes
5. Workshop
6. Entrepreneurship /Start-Up Programs

7. Subscriptions of Newspapers, Weekly and Monthly Magazines
8. Internships
9. Ideathon
10. Arranging Job Placements
11. GD Forum
12. Placement through Online interview

## 1. Guest Lectures

## 2. Nobel Vision

Nobel vision is an interesting initiative of KIA, focus to exposure of students on current updates, recent advancements in agriculture and allied sectors, renowned people in different platforms and policies, reforms, schemes and several breakthroughs that are useful for agriculture graduates. Lectures are conducted by KIA scientists on above topics for the exposure of students on every week Monday between 4.00 PM & 6.00 PM.

### **3. Study Circle**

Study circle is a unique program which is specifically programmed for the grouping of students based on their field of interest. Through this program the students are mentored to form interest groups and discuss on various horizon of their interested subjects.

Usually, PC takes several steps to identify and collect data on student's field of interest (periodically) and provides motivation and assistances to form study circle consisting of students belonging to Third and Final years. Once groups are formed, PC supports in various ways like identifying mentors (Scientists) to each group for personalized assistance related to field of interest. Further each groups runs different discussions and mentors help in conducting subject oriented tests and other supports. This program is scheduled on evening hours of weekdays.

### **4. Coaching Classes**

Based on needs of the students, PC identified best performing institutes (based on last three years performs of those Institutes) for organising coaching classes on Higher studies,

Competitive exams, Language exams and Job oriented entrance tests. Tie-up is done with the institutes and students are trained in those institutes with nominal charges. This program is done during their Third and Final year for interested students, helping them to crack the exams within single attempt after their completion of degree program. The classes organized till dates are as follows,

- Bank and CAT exams coaching classes have been arranged for the benefit of third and final year students by T.I.M.E Institute, Erode since from 01.12.2018.

## 7. Newspaper Subscription

As part of PC initiative, Hindu daily English newspapers has been subscribed since from 2017 onwards and circulated one paper per room in both men and women hostels for improving communication and knowledge of the students.

## 8. Internships

PC has established a linkage with Agro Firms. We arranged Internship Programmes for the third-year students during their summer vacation in agro-based firms namely Raaki Eco Farm, Anthiyur, ABT Foods Ltd, Pollachi, and Siruthuli, Coimbatore.

We invited Way Cool Food Products Ltd, Bengaluru for offering internship opportunities to our students on January 2022. Considering our request, Way Cool Food Products Ltd., was offered internship to four of 2018-19 batch students with a stipend of Rs. 8,000/month from 10<sup>th</sup> Feb.2022 to 31st Mar.2022.

### **9. Ideathon**

An ideathon is a short, intensive, workshop-like experience for students to address some of the most pressing challenges of our time. To impart agripreneurship skill to the undergraduate students, PC had organised an Ideathon programme to focus on design thinking and innovative learning practices to ideate and collaborate on possible solutions.
